UI/UX Designer with 3 years of experience creating intuitive web, mobile, and SaaS products. Skilled in simplifying complex workflows, building scalable design systems, and aligning business goals with user needs. Experienced in end-to-end design—from research to high-fidelity UIs and developer handoff.

## WORK EXPERIENCE

---

### SRDT, Lucknow

02-2025 – Present

#### UI/UX Designer

- Redesigned UNIF, a SaaS-based ERP, improving CRM, Alumni, and HRMS for clients like LMRC (Lucknow Metro) and SRMU
- Created a scalable design system and delivered modern, responsive UI/UX for consistent enterprise workflows.
- Collaborated with developers and stakeholders to produce production-ready Figma prototypes for core modules.

### Tutedude, Gurgaon (Remote)

11-2024 – Present

#### UI/UX Design Mentor

- Mentored students on essential UI/UX principles, including user research, prototyping, and user testing.
- Provided personalized feedback to help students create user centered, professional designs.

### Weburz, Bulgaria (Remote)

01-2024 – 01-2025

#### UI/UX Designer

- Designed brand identity by creating logos that align with the company's vision.
- Created engaging social media posts to enhance brand presence and user engagement.
- Redesigned a user friendly admin panel for Remington BG, by creating a design system to ensure consistency and scalability.

### Orange IT Solutions, Lucknow

04-2022 – 09-2023

#### UI UX Designer

### Maa Vabhav Laxmi Enterprise, Lucknow

10-2019 – 03-2022

#### Site Engineer
